

DOUGIE: Looks good

Eye on the ball

SCOTLAND rugby star Dougie Hall had a perfect view of yesterday's famous win over England — after having laser eye surgery.

The short-sighted hooker had the op at a Harley Street surgery in September and his new 20/20 vision meant he saw every minute of the 15-9 Calcutta Cup win at Murrayfield.

Glasgow Warriors star Dougie, 27 — who has been sidelined with injury — said: "The op has given me an edge I didn't have before . . . but I can also see some of the big guys coming at me now!"

RUFF JUSTICE

DOG owner Ros Sharpe, 36, was fined £300 after her pet German Shepherd escaped and bit a 15-year-old boy in Kilmarnock.
